2. Website Structure & User Flow

2.1. Public-Facing Pages (Visible to All Visitors)

These pages constitute the main website that anyone can access without logging in.

- **Home Page:** Introduces the platform, its key features, and benefits for both schools and parents. Includes calls-to-action for registration and login.
- **About Us Page:** Describes the mission, vision, and the team behind ApnaSchool.com.
- **Contact Us Page:** Features a contact form, company email address, and phone number for inquiries.
- **Registration Page:** A form for school administrators to register their school on the platform.
- **School Admin Login Page:** A secure login page for registered school administrators.
- **Parent Login Page:** The entry point for parents, which leads them to the school search and code entry process.

2.2. School Admin Portal Flow

1. **Login:** School admin logs in via the School Admin Login Page.
2. **Dashboard:** The central hub after login. It should display an overview with key metrics (e.g., total students, total classes, total attendance).
3. **Key Dashboard Modules/Pages:**
    - **Class Management:** Create, edit, and manage classes/grades (e.g., Class 1A, Grade 5B).
    - **Student Management:**
        - Add, edit, and view student profiles.
        - **Critical Feature:** When a new student is added, the system must automatically generate a unique, secure "Parent Access Code" for that student.

        - This code is to be provided to the parent by the school.
    - **Monthly Report Page:** Upload, manage, and publish monthly progress reports for students.
    - **Notes/Notices Page:** Create and publish school-wide notices, circulars, and announcements.
    - **Attendance Module:** Mark and manage daily student attendance.

2.3. Parent Portal Flow

1. **Access Initiation:** Parent clicks on the "Parent Login" button on the main website.
2. **School Search & Selection Page:**
    - A page featuring a search bar at the top.
    - Below, a list of all schools registered on Apna School.com is displayed.
    - The parent searches for and selects their child's school.
3. **Code Verification Page:**
    - After selecting a school, the parent is directed to a page to enter the unique "Parent Access Code" provided by the school.
4. **Student Dashboard:**
    - Upon successful code verification, the parent is granted access to a dedicated dashboard for their child.
    - This dashboard displays the following information pulled from the school admin portal:
        - **Monthly Report:** View the child's academic reports.
        - **Daily Diary:** View daily homework, assignments, and notes from teachers.
        - **School Notices:** View all general notices published by the school.
        - **Attendance:** View the child's attendance record.
